Poster Sessions

The Poster Sessions will take place in Zoom break-out rooms. The rooms will be called after your surname. You will automatically be assigned to your break-out room, however, you will be responsible for your own room, i.e. sharing your screen by yourself, handling the comments in the chat if there are any, etc. People will then be able to visit your room and discuss your poster with you. Please make sure you have the Zoom Desktop client or mobile app, version 5.3.0 or higher.

We will reach out to you closer to the dates of the conference with more information.

Thank you!
